GOD IS SPEAKING – LISTEN, THEN PRAY ACCORDINGLY

The episode of 9/11 from a Christian perspective, seemed initially to have grasped the attention of the entire nation – churches were being filled once more. Indeed the rest of the world was taking note as well! Was God speaking then? I certainly believe that He was, although not directly responsible for the experience – we were warned four years earlier through a prophetic sculpture that accurately depicted the pending disaster on, of all places, a prominent church in New York City! Then, the ill perceived Renewal fizzled out as suddenly as it began, and WAR took its place. Did people discern what was being relayed to us – the media certainly did not – the excitement of the tragedy did not survive for a prolonged period, and allegiance was now transferred to coverage of the war effort! What would then be necessary for God to gain the undivided attention of His human creation?

Approximately eighteen months ago the question was answered – God *allowed* the advance of an *unseen enemy* – the Covid virus. Again, although God did not cause this directly, nevertheless I believe that He was using this danger to SPEAK once more. By this time however, we had become complacent, and were pursuing things of the world more than things of God. NOW, yes now, the media found it vitally interesting because the whole world was affected – everyone was either impacted personally, had a relative that was touched, or knew someone who was. What a dilemma! But our dependence on the media for relevant information, saw a virulent danger that served to compete with the medical version – conflicting information through the media caused widespread disparity, and consequent injury to many. What about LISTENING to God – He always has the correct answers!

The Prayer Calendar for this month of October proposes an earnest attempt to LISTEN to God's voice, then pray accordingly. The main element that many ignore in such circumstances is the need to REPENT *first*. Please join me in focused prayer. Blessings and much love to each of you and your families. Be safe. Shalom.
